

22mm Rail Handset Holder

Installation Instructions

INSTALLERS PLEASE NOTE THESE INSTRUCTIONS ARE TO BE LEFT WITH THE USER

Fig. 1

Introduction

Remove your existing kit from the wall, taking care not to damage components during this process. Please read these instructions carefully before beginning your installation.

Important: This handset holder has been designed to fit 22mm riser rails. To assemble the Triton handset holder, slide on to rail as shown in **(fig 1)**. Re-install the kit onto the wall.

Cleaning

Triton recommends that all products are cleaned using warm, soapy water.

Do not use abrasive or aggressive chemical cleaning products as this may affect the product surface finish and invalidate your guarantee.

For use with Triton Joshua and Conor kits, plus all other 22mm riser rails.
